Why?

“Gli Echi della Natura” is a summer music academy which takes place in **Pieve di Cadore - Dolomites, Italy**. This project plays an important role in society, over and above the artistic and musical value; in the current problems regarding mountain regions (ageing population, depopulation of the villages), many young people choose to rebuild their lives elsewhere, far away from Cadore. High-quality cultural and musical activities represent **an opportunity** of growing and gathering, **an incentive** to creative attitudes and **a deterrent** to the social problems facing youths. **A widespread value** for the community, the donors and the organisation.

Music as an agent of social development

“It is evident that music has to be recognized as an element of socialization, as an agent of social development in the highest sense, because it transmits the highest values - solidarity, harmony, mutual compassion. And it has the ability to unite an entire community and to express sublime feelings.”

José Antonio Abreu [El Sistema]

NEWS!

After many requests, we will offer a special experience for piano students of any age. Find out all about the new **“Piano special” package!**

How to collaborate?

First step (donors, companies, institutions)

In order to support those students who devote themselves with passion and commitment to music and keep alive in us the highest values, we are setting up a **Social Responsibility Fund** where anyone could freely donate any amount or choose among the given options. Join us now!

How to join the Academy?

Second step (students and families)

Students playing **violin or cello** can apply joining courses and booking the corresponding donation for each campus; a number of collective workshops are open to **any kind of music student** or people who are not trained to music yet (f.i. see Beethoven juniors grow up, chamber music, soundscape walks, ect.). Thanks to the major donors of the campaign, we will have a series of best-students-concerts offered to those students who will be selected. Choose your perfect experience, book now!

Will you take the chance?

If you are interested in being offered a concert opportunity, prepare the audition program.

Send us a video within May 14, 2021. We will announce the list of selected students in the end of May. Winners of the selection will perform at festivals "Ri-ambientiamoci: cent'anni di gratitudine", "Le Dolomiti Più Note" and "Organi storici in Cadore-Dolomiti" and they will receive a special prize.

Description of the project

Conceived and curated by the violinist Corinna Canzian, "Gli Echi della Natura" is a summer music academy dedicated to young violinists, but also to other musical disciplines and aficionados of all ages:

- **one-to-one personalized lessons** (violin and cello)
- **new entry! special labs** for piano students
- **collective workshops** (education to musicality and listening, composition, sound design, lutherie, folklore, stage fright and ecology)
- **interactive galleries** and virtual expositions on the online platform Museo Dolom.it

Teachers and guest musicians, chosen among local and international professionals, carry out activities that valorise city centres, high altitude trails, small hamlets and natural sites. The Cadore Dolomites brim with specialized classes where the musical practice becomes **a meeting point** where to **share passions, think innovatively** and **fall in love with the Alpine region** and its history.

Program of the project

"Gli Echi della Natura 2021", third edition of the project, is **promoted by the Associazione Internazionale Dolom.it** and supported by the **technical partner Fondazione Centro Studi Tiziano e Cadore**. The courses will take place in **Pieve di Cadore** and will need **a minimum 10 participants** (or as

specified) to each campus. Each campus will be activated thanks to donations received. **Application deadline: May 14, 2021.**

Important: if the courses will not be activated, you will get back your donation after the end of the campaign. In no other case, the donation can be returned. In case of impossibility in joining the Academy due to certified health issues, the booked reward/experience will be converted into one comparable package of lessons to be taught online and later on, in accordance with professors from the Academy.

All donors will receive **official thanks on our social media**, along with experiences and benefits as indicated in the selected package. Moreover, three persons among the most generous supporters will be announced within May 30 for a GIVEAWAY: they will be receiving a special gift.
