

One academy, lot of faces.  
Music, nature and science.

School: **Gli Echi della Natura ETS**  
Project manager: **Corinna Canzian**  
Contact: **info@glietidellanatura.academy**

### Why?

The goal of *Gli Echi della Natura Academy* is to inspire people to discover **the relationship between music and nature**. Set in the picturesque countrysides of Varese and Cadore Dolomites, this course offers a specialised curriculum that intertwines the natural landscape of these two locations into the syllabus. We believe that musical practice is a way for any generation to meet, **share their passions, think innovatively** and **fall in love with the Alpine region and its history**. All of this becomes an **opportunity** for personal **development** and incentivises students to pursue their **creative** passions. *Gli Echi della Natura Academy* creates **a widespread value** for the community, donors and its students.

#### Music as an agent of social development

“It is evident that music has to be recognized as an element of socialization, as an agent of social development in the highest sense, because it transmits the highest values - solidarity, harmony, mutual compassion. And it has the ability to unite an entire community and to express sublime feelings.”

José Antonio Abreu [El Sistema]

## **Who?**

### **Donors, companies, institutions**

Anyone can participate by donating any amount, or choose among the different options.

This will support students who devote themselves with passion and commitment to make music and grow together.

### **Students (6-10 yo, 12-25 yo, no age limits)**

If you play the violin, the cello or the piano you can apply by joining our courses and by donating to the correct experience (see donation fees chart below).

We are very thankful that our major donors are making it possible to plan a series of concerts dedicated to particularly meriting students.

### **Play the challenge 2022**

For students applying to SARABANDA (violin, cello, piano): the total duration of the audition program should not exceed 15 minutes. The program is free but it should include a recording by a female composer, and a short essay explaining why the composer was chosen and some historical background about her.

Please make sure to send the video recording by May 16th 2022. We will announce the selected students by mid-May.

## What?

Conceived and curated by the violinist Corinna Canzian, Gli Echi della Natura is a music academy dedicated to young violinists, cellists and pianists, but also to other musical disciplines and aficionados of all ages:

- **one-to-one personalized lessons** (violin, cello, piano)
- **collective workshops** (composition, contemporary music, baroque praxis, chamber music, vocality, dance, sound design, lutherie, folklore, stage fright, ecology, survival, stand-up-paddling, kayak, and muc more in progress)
- **concerts** and shows by professionals and students

## Program of the project

Gli Echi della Natura 2022, fourth edition of the project, from May to December 2022:

The summer camps will take place in **Pieve di Cadore**, together with special experiences for the autumn and the winter.

The festival Echi Urbani will give new colors to **Varese** and the lakes during different weekends in the year.
